

# Tiny Silhouette

**G** **Am7** **G** **Am7**  
 Grainy greys and whites  
**G** **Am7** **G** **Am7**  
 That's how it always starts  
**G/E** **Am7**  
 It's not much of a sight  
**G/E** **Am7**  
 Would you believe it might  
**C** **D7**  
 Awake you in the middle of the night

A sound wave bouncing back  
 Echoing from the black  
 And then pictures appear  
 It all becomes clear  
 What you see is more  
 Than what you hear

**Bm**  
*But I will never forget*

**C**  
*That tiny silhouette*

**Bm**  
*I will treasure*

**D7**  
*That wonderful vignette*

**Bm**  
*But I will never forget*

**C**  
*That tiny silhouette*

**Bm** **D7**  
*Never forget*

**Cmaj7**  
 How I dreamed, how I dreamed

**G**  
 That the day would come  
 I'd hear that hum

**Cmaj7**  
 Now I know

**D7**  
 Now I know your name

**Cmaj7**  
 I never dreamed, never dreamed

**G**  
 How beautiful it'd be  
 What I'd see

**Cmaj7**  
 Now I know

**D7**  
 Now I know your name

As the probe is moving around  
 Speechless and spellbound  
 You see it all come true  
 As if out of the blue  
 Unstoppable, oh you never knew

A little beating heart  
 And you fall apart  
 Just a few random peeks  
 Tears rolling down your cheeks  
 A moment that  
 You've been waiting for weeks

*But I will never forget*  
*That tiny silhouette*

*I will treasure*  
*That wonderful vignette*

*But I will never forget*  
*That tiny silhouette*

*Never forget*

How I dreamed, how I dreamed  
 That the day would come  
 I'd hear that hum  
 Now I know

Now I know your name  
 I never dreamed, never dreamed  
 How beautiful it'd be

What I'd see  
 Now I know  
 Now I know your name
