

Time, Like a Tide

G
 Oh how fast did time go by
 Since you fell down from the sky **Em**
G/B I couldn't forget I don't know why **Gmaj7**
C Dsus2 Em7 Dsus2
 Don't know why
 And then we went our separate ways
 For years and months, weeks and days
 Lived alone, like in a haze, in a haze.

Am
 Time, it flows on
G C/G

Like a tide

G
 It won't wait for you
 If you hide

Am
 Time, it flows on
 Like a tide

Did I expect you to return ?
 Did I despair, did I yearn ?
 All this time and I never learned
 Never learned

Who would have thought that I was right
 That you would come back to me on night
 Took a long time but it's alright
 It's alright

Time, it flows on
 Like a tide
 It won't slow down
 Or subside
 Time, it flows on
 Like a tide

And even if it's not for long
 Not much more than a love song
 Now I know where I belong, I belong

Time, it flows on
 Like a tide
 It won't wait for you
 If you hide
 Time, it flows on
 Like a tide
 It won't slow down
 Or subside
 Time and time
 Wait for no man
 It won't wait for you
 If you hide
 Time and time
 Wait for no man
