

Insanity

*Insanity when will you come to me
I'd never wish to deter this infamy*

They say it's all in my mind

Is it all in my mind ?

*In sanity did I find any beauty ?
I never felt anything but empty
They say it's all in my mind
Is it all in my mind ?*

*Whimsical worries aggrieve my soul
Physical envies that hurt and foul*

|: F Fsus2 :|

What can I do ?

|: G5 Gm :|

What can I do ?

*Suicidal emotions drown my heart
Mystical sensations tear apart
Who can I be ?
Who can I be ?*

*Insanity when will you come to me
I'd never wish to deter this infamy
They say it's all in my mind
Is it all in my mind ?*

*In sanity did I find any beauty ?
I never felt anything but empty
They say it's all in my mind
Is it all in my mind ?*

*Accidental moments of sunshine
Transitional displays of being fine
How will I raise ?
How will I raise ?*

*Detrimental mistakes they abound
Fanatical feelings round and round
When will it end ?
When will it end ?*
